## Party Planner \$200

The difference between the package and hiring me as your planner is I will plan and do everything for your party. I can produce an entire party for \$100. That includes: decorations, supplies, and food (as long as it's just snacks and not a full meal). The other \$100 is for my time as your planner. It takes a lot of time to plan, find deals, and make decorations if needed. The design fee is also covered in the total. Examples of what would normally be included:

- . Everything in "Baby Shower / Party Package" *\*Any additional projects will be an extra \$10.*
- . Any extra decorations I feel need to be added to make the party.
- . Party-ware such as: envelopes, plates, utensils, napkins, cups, favor bags, etc.
- . Printing of invitations, decorations, etc.

*\*If you are wanting a complete meal to serve at your party, that will cost extra, however much you want it to be.  
\*Also, more than 20 guests will also take additional funds.*
